Closure Date: 12/31/2014

Notes: Records stored at Missouri Valley College 500 E College St Marshall, MO 65340-3197

Student Arrangements: A teach-out plan was filed with HLC.

The students were informed of the potential change in the program mid-semester during the fall of the 2014-15 academic year. The plan was to offer all courses in the semesters they were originally scheduled to be taught. The courses involved were initially offered two evenings per week at the Lexington location (Wentworth); the remaining required classes were offered in a hybrid format, one evening a week on the Missouri Valley

College campus. The students agreed to continue from this fully informed perspective.

All three students enrolled in the program were scheduled to complete the program spring semester of 2016. There was not an incoming cohort for fall of 2015 at the location. The spring 2016 semester was the student teaching or educational studies internship

course, a full-day experience, with placement in an elementary school. The students were placed at school locations (ones they requested, often to best suit their travel needs).

Therefore, the spring 2016 semester remained the same in delivery and location as prior to the Teach-Out-Plan.
